Participation & Eligible Transactions

- 3.1** Only Participants who complete both the Net Deposit and Eligible Closed Lots requirements set out in Module 4 during the Promotion Period will be considered for the final ranking and the Diwali Lucky Draw.

- 3.2 Net Deposits and Eligible Closed Lots from all eligible accounts under the same UID will be combined for the purposes of this Promotion.
- 3.3 Only eligible trades held open for at least ten (10) consecutive minutes and fully closed during the Promotion Period, following successful opt-in, will count towards Eligible Closed Lots. Trades held open for less than ten (10) minutes will be excluded.
- 3.4 Participants must maintain their qualifying Net Deposit until the Promotion closes on 5 November 2026.

Net Deposit (Definitions)

“Net Deposit” means eligible external deposits received into the Participant’s account(s) during the Promotion Period, less external withdrawals made during the Promotion Period, as calculated by STARTRADER based on its official records.

Internal transfers between accounts under the same UID will not count as new deposits. Existing balances, promotional credits, rewards and trading profits will not count towards the Net Deposit.

Ranking Mechanic

- 4.1 To qualify for the final ranking, a Participant must, during the Promotion Period:
 - (a) achieve a minimum Net Deposit of USD 1,000; and
 - (b) complete at least 20 Eligible Closed Lots.
- 4.2 Partial completion of either requirement in Clause 4.1 will not qualify a Participant for the final ranking.
- 4.3 Qualified Participants will be ranked according to their Net Deposit, from highest to lowest.
- 4.4 If two or more Participants have the same Net Deposit, the Participant with the higher Eligible Closed Lots will receive the higher position.
- 4.5 If both the Net Deposit and Eligible Closed Lots are equal, the Participant who completed the qualification requirements first will receive the higher position.
- 4.6 Ranking example (for illustration only): Participant B ranks above Participant C because both have the same Net Deposit, but Participant B completed more Eligible Closed Lots. Participant D does not rank above Participant B or Participant C because Net Deposit is the primary ranking factor.

Diwali Lucky Draw Mechanic

- 5.1 Qualified Participants who are not confirmed in the Top 10 ranking under Module 4 will automatically be entered into a separate Diwali Lucky Draw, giving them an additional opportunity to win.
- 5.2 A Participant earns one (1) lucky-draw ticket for every complete USD 1,000 in Net Deposit.

- 5.3** Lucky-draw tickets are activated only if the Participant completes at least 20 Eligible Closed Lots. A Participant who does not complete 20 Eligible Closed Lots will not receive any lucky-draw tickets, regardless of Net Deposit.
- 5.4** A maximum of 20 lucky-draw tickets may be earned per UID.
- 5.5** Lucky-draw ticket examples (for illustration only):

Frequently Asked Questions

1 Who can take part in the Diwali Prosperity Rewards Promotion?

This Promotion is open new and existing clients, who opt in through the designated promotion page during the Promotion Period.

2 How do I opt in?

You must opt in through the existing promotion page before your Net Deposit and trading volume can start counting towards the Promotion.

3 What is Net Deposit?

Net Deposit is calculated as:

$$\text{Net Deposit} = \text{Eligible External Deposits} - \text{External Withdrawals}$$

Internal transfers, existing balances, promotional credits, rewards and trading profits do not count towards your Net Deposit.

4 How much do I need to deposit and trade to qualify?

You need a minimum Net Deposit of USD 1,000 and at least 20 Eligible Closed Lots during the Promotion Period. Meeting only one of these requirements will not qualify you.

5 What happens if I meet the deposit requirement but not the 20 lots?

You will not qualify for the Top 10 ranking, and any lucky-draw tickets you would otherwise have earned will not be activated.

6 How is the Top 10 ranking decided?

Qualified Participants are ranked by Net Deposit, from highest to lowest. Ties are broken first by higher Eligible Closed Lots, then by whoever completed the requirements first.

7 If I don't make the Top 10, do I still have a chance to win?

Yes. If you qualify but are not confirmed in the Top 10, you are automatically entered into the separate Diwali Lucky Draw for a chance to win a 10g physical gold coin.

8 How do I earn lucky-draw tickets?

You earn one lucky-draw ticket for every complete USD 1,000 in Net Deposit, up to a maximum of 20 tickets per UID — but your tickets are only activated once you complete at least 20 Eligible Closed Lots.

9 Can I win both a Top 10 prize and the Lucky Draw?

No. Each UID may receive only one prize. Participants confirmed in the Top 10 are excluded from the Lucky Draw.

10 When will winners be announced?

All eleven winners (the Top 10 plus the Lucky Draw winner) will be announced together on 9 November 2026, after STARTRADER completes verification between 6 and 8 November 2026.

11 What happens if a winner is disqualified during verification?

If a Top 10 ranked winner is disqualified, the next eligible Participant in the ranking moves into that position. If the Lucky Draw winner is disqualified, STARTRADER may randomly select a replacement from the remaining verified tickets.

12 Can I exchange my prize for something else?

Prizes are non-transferable, non-refundable and cannot be exchanged, unless STARTRADER approves a substitution of equal or similar value.

13 Can I combine this Promotion with other STARTRADER offers?

No. This Promotion cannot be combined with other promotional offers.

14 Which accounts are excluded from this Promotion?

Demo, Cent, Cryptocurrency, Copy Trade, PAMM and MAM accounts are excluded, unless STARTRADER states otherwise.
